■ 2nd Place / 428 Teams — Vadodara Hackathon 5.0 | AI-Powered Cybersecurity Threat Detection System | Selected for Tech Expo 2025

PROFESSIONAL SUMMARY

MCA — Cyber Security & Forensics, Parul University (2024–2026). Cybersecurity fresher with genuine hands-on experience spanning offensive security (VAPT, ethical hacking), defensive operations (SOC, security monitoring, incident response), and digital forensics (disk imaging, memory forensics). Secured 2nd place among 428 teams at Vadodara Hackathon 5.0 building an AI-powered cybersecurity threat detection system — selected for Tech Expo 2025. Currently interning as Cybersecurity Analyst at Dharma Infotech, Vadodara. Immediately available, open to relocation, and open to any cybersecurity role — VAPT, SOC, GRC, or Forensics.

OPEN TO THESE ROLE TYPES

✓ VAPT / Penetration Testing	✓ SOC Analyst (L1)
✓ Cybersecurity Intern / Analyst	✓ Digital Forensics Analyst
✓ Red Team / Ethical Hacking	✓ Security Operations & Monitoring

SKILLS

Penetration Testing & VAPT	Burp Suite, Metasploit, Nmap, OWASP ZAP, ffuf — full-cycle web, network & API VAPT
Web App Security	OWASP Top 10: SQLi, XSS, CSRF, Auth Bypass, Security Misconfiguration, API Security
SOC & Security Ops	SIEM Concepts (Splunk/QRadar/Sentinel), Log Analysis, Incident Detection & Response, IDS/IPS
Digital Forensics	Autopsy, FTK Imager, Volatility 3, Disk Image Analysis, Memory Forensics, Chain of Custody
Networking & OS	TCP/IP, DNS, HTTP/HTTPS, Wireshark, Windows Security, Linux (Kali), Network Security Fundamentals
Threat Intelligence	MITRE ATT&CK; TTP Mapping, Behavioural Anomaly Detection, Attacker Timeline Reconstruction
Programming & Scripting	Python, Bash, JavaScript · Git, Postman, VS Code, Django, ReactJS

EXPERIENCE

Cybersecurity Analyst Intern

Dharma Infotech, Vadodara · Present

- Executed end-to-end penetration tests on 5+ target machines across web and network layers by performing recon with Nmap/ffuf, exploiting OWASP Top 10 vulnerabilities, escalating privileges via SUID binary abuse and sudo misconfiguration audits, structured pentest reports with CVSS-rated findings, attack vectors, and remediation steps.
- Monitored and investigated security events simulating SOC-level workflows by analysing network traffic with Wireshark and mapping observed activity to MITRE ATT&CK; TTPs for threat detection and triage, detailed incident reports with severity ratings and escalation recommendations.

- **Built a Tamper-Evident Logging System** to simulate enterprise audit-log integrity controls by implementing SHA-based cryptographic chaining to detect unauthorized log modification, deletion, and reordering, **100% detection rate across all tamper scenarios in enterprise-simulated testing.**
- **Conducted digital forensic investigations on compromised Windows systems** by performing memory forensics with Volatility 3 and disk image analysis using Autopsy and FTK Imager, recovering VeraCrypt-encrypted USB evidence, **complete attacker timeline reconstruction identifying persistence mechanisms and lateral movement.**

PROJECTS

AI-Powered Drug Trafficking Detection System · Vadodara Hackathon 5.0 · Sep 2025

Python · Django · ReactJS · Machine Learning · NLP | Team: 6 | 2nd / 428 Teams

- **Secured 2nd place among 428 competing teams** by engineering an ML-powered threat intelligence pipeline using NLP classifiers and behavioural anomaly detection to identify cybercriminal activity on social media platforms, **selected for Tech Expo 2025 by industry and academic judges.**

Password Generator GUI Application · 2024

Python · Tkinter

- **Delivered a cryptographically secure password generator** by implementing configurable entropy controls across character classes with a Tkinter GUI, **output aligned with NIST SP 800-63B password strength guidelines.**

EDUCATION

M.C.A. — Cyber Security & Forensics

Parul University, Vadodara · CGPA: 7.85/10

2024–2026

B.C.A. — Science

Maharaja Sayajirao University of Baroda · CGPA: 6.67/10

2021–2024

Availability: Immediate Joiner · Open to: Any Cybersecurity Role & Relocation · Languages: English · Hindi · Gujarati
